Mr. Bill Perdue, President
Aviation Alliance Insurance Risk Retention Group, Inc.
111 North Higgins, Ste 200
Missoula, MT 59807

Dear Bill:

I am writing to congratulate you and your board of directors for what I know was the “blood, sweat and tears” necessary to bring AAIRRG to fruition.

How reassuring to be able to go to your website and find not just the names of AAIRRG’s officers and directors but also their contact information. The privilege of having a “voice” though ownership in AAIRRG, sends a very positive message.

Aviation products insurance coverage has always been a major expense for our company with few markets even willing to consider writing a Propeller Repair Station involved in Air Carrier support. Thanks to AAIRRG we’re breathing a bit easier on the cost side and have confidence that as the group gains experience that the rates may even go lower.

But beyond cost it is reassuring that we are dealing with people that understand our unique industry and the challenges we face.

Thank you all for all the work your staff did to get Aircraft Propeller Service enrolled. We especially found Rick Crebs most knowledgeable and helpful in shepherding us through the process.

Sincerely,

John DeJoris
President
